Frequently Asked Questions (FAQs)

1. How can you sign up to participate in this Competition’s Design Charrette?

It’s easy. Let your teacher, counselor, or advisor know that you are interested in participating **no later than Tuesday, Feb. 21** and have them notify the Architectural Foundation of Santa Barbara (contact information is below). You can register online through a link on afsb.org which will take you to an Eventbrite registration form. Fill it out completely. You can also call the AFSB office (805) 965-6307. It is important to let the competition sponsors know you will be attending so they can prepare the Charrette site to be ready for you.

2. What do I have to draw to complete the design Charrette?

You will be expected to draw *Site Plan*, *Floor Plan*, and *Elevation* to **scale** with drafting tools or freehand. That means that these drawings **must be measured**. The judges will also determine whether your design fits the criteria of the design program.

You will receive (3) 18”x24” sheets of drawing paper in your design packet.

- Sheet 1: This will be a pre-printed *Site Plan* where your project will be built. It will show roads, site slopes, trees and whatever else might impact your design. You will draw the building outline you design and other site elements on this sheet.
- Sheet 2: This will be a blank sheet where you will draw your *Floor Plan* at 1/4” per foot scale of your design. Plus one exterior *Elevation* of your design.

- Sheet 3: This will be a blank sheet also, where you will draw one other drawing to illustrate your design. This could be another elevation, a perspective, a sketch or whatever you think will get the idea across to the judges and jury.

3. What can I expect upon arriving at the Design Charrette site?

- *A large working studio space, like a gym or a meeting conference room.* (see FAQ #5) The site in Santa Barbara venue, for example, is a large meeting room where 25+ long tables have been set up, some posters and notices mounted on the walls and 40 to 50 other student designers all wondering what will happen next.
- You will be welcomed with an introduction of the Charrette and will then be read the 2023 Design Program. This is a written description of the building or structure you will be designing.
- You will choose a workstation at the ends or middle of one of the long tables and set up your tools for the event. **Limited** tools will be available at the site for your use. You are welcome to bring your own equipment: pencils, pens, markers, templates...whatever you need to create and express your ideas!
- You will be given a design packet including a copy of the Design Program and the drawing paper for your presentation.
- You will spend the next 6+ hours designing, sketching and drawing your project. *So have fun!*
- At the end of the day, you will exit the building. After you leave, a panel of architects will review your design and score them. Twelve designers will be invited to participate in the Juried Review on **Saturday, March 4th**.

4. What do I need to bring to the Charrette?

Registration Form: A link on the AFSB website will take you to an Eventbrite page where you can register. Eventbrite allows you to print the registration form once done. The form should be filled out completely and include whether you are available to attend the Juried Review on **Saturday, March 4th** (*this information is extremely important*). Bring the registration form with you to the Charrette site the day of the event.

Design Tools (if you have these items, bring them with you):

- Drawing Board at least 18" x 24" and not much larger
- Straight edge (T-Square) if you intend to draft your drawings
- Triangles and templates, as needed
- Eraser and erasing shield
- Architects Scale
- Sketching and scratch paper
- Dusting brush
- Drafting tape
- Any reference material

Please bring your creativity, yourself, your insights, experiences and individuality! Your critical thinking and reading skills and your desire to do the very best you can!

You may bring an iPod or other musical device with earphones.

5. How should I dress for a Charrette?

Are you kidding? There’s no dress code! Well, dress comfortably, but in layers. It’s a long day. The competition site can be quite chilly in the morning and get warm in the afternoon.

6. How do I get to the Charrette site?

You must arrange for your transportation, through your school or individually, to the site. Carpooling is encouraged.

<p><i>Design Competition Location – North County:</i> Allan Hancock College 800 South College Dr., Building G, Room 106 Santa Maria, CA 93454</p>	<p><i>Design Competition Location – South County:</i> Direct Relief Main Conference Room 6100 Wallace Becknell Rd. Santa Barbara, CA 93117</p>
--	---

7. What don't I need to bring to this event?

Food: The sponsors will provide morning and afternoon snacks for you as well as a healthy and nutritious lunch, at no cost to you at all. Drinks are included. You may, however, bring food of your own if you really wish. If you have dietary restrictions, please let us know!

Paper: For your design presentation. Three sheets of 18”x24” paper, either plain or graph, will be provided to you by the sponsors of the competition.

8. What if I don't know anything about drafting, scale, design or architecture but I really want to design a building? How can I prepare for this event?

We’re glad you asked that. There are 2 ways you could prepare for this Charrette:

1. Go to the Architectural Foundation of Santa Barbara website (www.afsb.org) and look for the High School Design competition tab. Here you will find several videos which will introduce you to basic ideas about design, creativity, drawing, presentation, and scale.
2. Contact the Architectural Foundation of Santa Barbara office (**contact info at the end**) and request a workshop led by one or several local architects which can be arranged at your school or at the Architectural Foundation’s office in downtown Santa Barbara or other convenient location throughout the County.

9. How will my work be reviewed and judged?

Design professionals in architecture and urban design will review presentations and provide productive, helpful, friendly feedback. Completed work will be judged in three categories: Design, Presentation, and Creativity. Architects will also be at the competition site during the competition and are available to answer questions.

10. What's in it for me?

The experience immerses you in a design problem. A "Certificate of Participation" will be issued to all designers completing the Charrette. The 12 finalists, in addition to receiving a "Finalist Certificate," have an opportunity to win awards and cash prizes as follows:

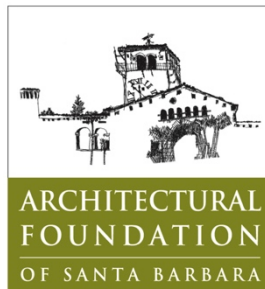

First Place	\$ 300.00
Second Place	\$ 200.00
Third Place	\$ 150.00
Two Honorable Mention Awards	\$ 100.00
Finalist Awards	\$ 50.00

11. Who is responsible for this event?

- The Architectural Foundation of Santa Barbara with help from our very generous and helpful sponsors:
- Rotary Club of the Santa Ynez Valley
- Rotary Club of Santa Barbara
- Santa Barbara County Education Office, Regional Occupation Program

The Architectural Foundation of Santa Barbara is located at 229 East Victoria Street, Santa Barbara, CA 93101.

Please contact Molly Burns, Executive Director at (805) 965-6307 or email molly@afsb.org for further information.
